

ANNUAL FINANCIAL REPORT

WHAT IS THIS REPORT?

In the Annual Financial Report, a local government reports on opioid settlement funds received, held, or spent on authorized strategies during a given fiscal year. This report collects information at the NC MOA strategy level (not at the organization, program, or project level).

WHAT NEEDS TO BE SUBMITTED?

All local governments must provide the following information:

1. The amount of opioid settlement funds in the special revenue fund at the beginning of the fiscal year (July 1)
 - This should be equal to the amount of opioid settlement funds reported at the end of the prior fiscal year (see [Document Library](#) for previous reports)
2. The amount of opioid settlement funds received during the fiscal year
 - McKinsey funds are not governed by the NC MOA and should not be included here
3. The amount of any interest and investment gains realized during the fiscal year
4. The amount of any investment losses realized during the fiscal year
5. The amount of opioid settlement funds disbursed during the fiscal year, net of any reimbursements and not including audit costs, in total and broken down by funded strategy (with any permissible common costs prorated among strategies)
6. The amount of opioid settlement funds used to cover audit costs (Section F.3 of the [NC MOA](#))
7. The amount of opioid settlement funds in the special revenue fund at the end of the fiscal year (June 30)

Most local governments must also provide information for every sub-recipient that receives opioid settlement funds from the local government equal to or greater than either (a) \$50,000 or (b) 10% or more of the total amount of opioid settlement funding that was disbursed during the fiscal year:

- Name of the sub-recipient
- Total amount of opioid settlement funds disbursed to the sub-recipient during the fiscal year
- Brief description of goods, services, or other value provided by the sub-recipient
